## ORGANIZATION

## Founder, Chief Executive Officer

#### CODING BLOCKS LPU

As the Founder and CEO of CodingBlocks LPU, I saw it as my responsibility to assist students who are struggling with coding so that they can excel in their careers. I did everything I could to help others who are struggling to get started, from organising workshops and webinars and educating students about different domains in programming to creating aoding culture where they can practise coding alongside others. coding culture where they can practise coding alongside others.

## Founder, Head Graphic Designer

#### AURORA

As the Founder of a Student Organisation, my responsibilities included managing all the people and guiding them about the work that had to be done. Facing the problem of deficiency of Graphic Designers, I conducted a crash course on Graphic Designing and taught 20+ students. I was also the organizer of a national-level coding festival that had

#### Graphic Designer
